The higher IT industry is looking for developers not just Trainees. Even with excellent skill & Training, only few will fit the bill. For placements in the world class IT Industry, hands on project experience and personality is a prerequisite. SSPCTI will give you that competitive advantage by enriching your experience.

MISSION

To promote the educational well being of society by reaching out to all those who aspire for higher education through the use of modern technology of communication, by adopting alternative learning systems and satisfying the needs of all segments of society and helping provide a qualified, trained and technically sound force.

ABOUT THIS INSTITUTE

The Institute of Computer Learning (S.S.S.P.C.I.) was established on 02nd April 2012 as a non professional autonomous Institute engaged in the field of computer education S.S.S.P.C.I is registered by U.P. Govt.

The training division of the Institute conducts a number of short term and long term computer training programmed to suit the needs of current Industrial Environment.

The Institute of Computer Learning has also designed number of packages for Banking Staff, CA, Lawyers, Doctors and Business executives. These packages are also well accepted by experts.

OBJECTIVES

- Reduce the gap between the demand and supply of skilled human power in the country.
- Provide alternative vocational options for pursuing higher education.
- Develop, design and teach innovative, flexible, professional and technical courses so as to provide the best possible education of the highest academic standards.
- Create and generate opportunities for education at the learner's doorsteps to suit the individual's pace and choice.
- Provide vocational education for new opportunities enhance individual employability.
- Develop and improve technology mediated learning methods.
- Enhance education reach within India and abroad.
- Determine standards of teaching, evaluation and research for all the courses.
- Establish, maintain and study centers to bridge the gap between learners and teachers.
- Induct students by guiding them to choose professional education of their choice. Innovative methods of teaching will be adopted by involving service industry as a field area for practical exposure of classroom learning.

(SSI35) Diploma in Computer Hardware (3Month)

- Computer Parts Knowledge
Hard Disk, Ram, Processor, Mother Board, USB Port, CD Rom, VGA, Power Supply, Floppy Drive, Printer Port, FDD Port etc.
- Hardware Structures
- Component Working Knowledge
- Hardware First Platforms Knowledge
- Software Installing
- Computer Components, Window 98/2000/XP/Vista/Window-7/ Window-8 OS, Confi. Sys. Autoexec, bat Key Board & Mouse Repairing, SMPS, Monitor, CD-DVD ROM/ RW/ FDD, HDD.
- Hard Disk Partition, and Formatting, Installation of Window
- Master Repairing-
Laptop Board, SMPS, Mother Board, CD ROM, Keyboard, Mouse, Speaker, Monitor, Printer, Modem, Hard Disk, Scanner, Camera, Adopter, Sound Card, Lane Card etc.
- Other Software Operating
- Final Stage –
 - Computer Hardware
 - Net Lane. "Single Type Lane"
 - Wi – Fi Lane "2nd Type Lane"

**Free
Tolls Kit**

- **(SSI36) Networking** (1 Month)
Advance Certificate in Computer Networking.
- **(SSI37) Easy Course of Hardware** (1 Month)
Control Panel, Hard Disk Partition, and Formatting, Installation of Window, Internet Modem, Software Installing, Computer Connection.

हमारे यहां कम्प्यूटर हार्डवेयर प्रेक्टीकल रूप से सिखाया जाता है, अब आपको शहर से बाहर जाने की जरूरत नहीं क्योंकि अब आपके शहर में ही एक मात्र कम्प्यूटर हार्डवेयर प्रेक्टीकल लैव सुविधा युक्त प्रशिक्षण केन्द्र खुल गया है तो देर किस बात की.....
